

Jeff Huberts

Real Estate Investment/Construction

Residential Revitalization

Coming from a family of contractors who have been in the business for over 50 years, Jeff Huberts has building and remodeling in his DNA. Sandlot Homes, bolstered by his discipline and design artistry, works with customers to build their dream home, buy/sell an existing home, and purchases distressed homes to be revitalized. Since 2009, he and his team have completed 28 renovations, 52 homes bought and sold, and \$75 million in transactions. Happily, investors can also now invest with Sandlot. Outside of work, you'll find him working on his nonprofit SuiteKIDS Foundation, which introduces at-risk youth to incredible experiences, including sporting events or concerts. At home, Huberts regularly plays a game with his daughters whereby they tell each other they love each other "lots and lots and lots." Say that 3 times fast, and you'll discover the heart behind both Jeff Huberts and Sandlot.
